MEMORANDUM FOR ALL U.S. ARMY SECURITY ASSISTANCE COMMAND EMPLOYEES

SUBJECT: U.S. Army Security Assistance Command (USASAC) Policy Memorandum 501.1-Central USASAC Authority for Publication of New or Revised Security Assistance Policy and Procedures

1. The only USASAC organizational element authorized to publish or disseminate new or revised Security Assistance policy and procedures for U.S. Army Materiel Command/ Department of the Army (AMC/DA)-wide implementation, or to forward recommendations to higher headquarters, is the Plans and Policy Division, Plans, Policy and Weapons Directorate (AMSAC-PW-PO). Instances in which another USASAC element has made a recommendation to the Command Group, and even if the recommendation has been approved, the recommendation must be forwarded to AMSAC-PW-PO (prior to publication) with all the particulars to ensure that the new or revised policy and procedures being recommended are in consonance with related actions and are in compliance with current AMC/DA/Department of Defense directives and U.S. Government laws.

2. This policy does not preclude USASAC organizational elements from developing and implementing policy internal to that element, nor does it preclude them from recommending policy and procedures for DA, AMC or USASAC-wide implementation. It does prohibit them from publishing and disseminating DA, AMC or USASAC-wide security assistance policy and procedures. (Other USASAC-wide administrative policy and procedures are published and disseminated through the Information Management Office only.)

3. This Policy Memorandum supersedes USASAC Policy Statement Number 501.l, 1 April 1990.

CHRISTOPHER TUCKER
Brigadier General, USA
