MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Diversions and Withdrawals of Materiel Scheduled for Delivery to Security Assistance (SA) Customers (USASAC 03-03)

1. Reference DOD 5105.38M, Paragraph 80203.A.3.
2. Reference paragraphed is repeated below:

"Materiel being procured or stocked for foreign military sales may be diverted to meet higher priority requirements with the prior concurrence of the Director, Defense Security Cooperation Agency who will, as appropriate, obtain policy guidance from the Office of USD(P)."

3. Current world events may place U.S. forces in the position of needing materiel that the Army and Defense Logistics Agency may not be able to supply for urgent Department of Defense (DOD) and coalition partner requirements. To meet DOD and coalition partner requirements, some elements within DOD may attempt to divert materiel being procured or stocked for SA customers.

4. Reference paragraph is DOD policy that must be followed in the event any DOD organization attempts to take materiel being procured or stocked for Security Assistance customers. Each Army Materiel Command SA element is requested to advise management within their co-located National Inventory Control Point of this DOD policy.

5. Point of contact for this is Carl Day, AMSAC-MP, 703-806-2361, email carl.day@usasac.army.mil.
